### Brian Abbey feat. Aaron Simpson - Never Far From Right (Subsonik Mix)

**Brian Abbey** is not only a talented vocalist but is also the **third best poet** on the whole of Myspace! On this release featuring **Aaron Simpson** (a friend and celebrity chef who often pops through the studio to cook up some smoking beats and a big pile of **waffles**) **Subsonik** has taken up the horns of the **remix** bull and steered this sizeable steer into an epic Trance filled field fuelled by lush leads, tight and punchy beats and rising Reese bass. You may be wrong, but you won't be far from right if you buy this tune ;]

DJ XO on Waffles:

<dj\_xo> *Waffles weren't invented by the Belgians, you know. Belgians know an awful lot about chocolate, but waffling should be left to real experts... like Tobie Scopes.*

### Wezzler - Frost

If you look **Wezzler** up on Google, you will find **3,350 results**, of which **97%** are factually accurate. Some of the incorrect 'facts' posted on the **World Wide Wezzler** are that he once came third in a local Karaoke contest, only ever wears pink socks and had a bit part in Ferris Bueller's Day Off. In musical reality, '**Frost**' conjures up images of a crisp winter's morning in a snow covered village in a war torn country: **bleak, gloomy, emotionally powerful** and lots of percussion. Um, maybe that's not quite right... you get the idea!
